01 | Brno is worth discovering

Brno is a city to fall in love with when you discover it slowly, especially on your first visit. Give it time. Let the atmosphere of its streets, cafés and squares guide you, and simply soak up its distinctive rhythm.

Make time to climb Petrov hill. From the cathedral, you can enjoy beautiful views over the historic centre and the surrounding hills. Just beside it, Denisovy sady is a favourite place to pause, relax and quietly watch the city.

Visit Zelný trh too. This is the heart of historic Brno, where aromas, colours and everyday local life come together. Instead of rushing around ten sights, look for the smaller details: intriguing passageways, courtyards, shop windows and unexpected views. That is where the real Brno is waiting.

Ina's tip

Photograph the same place twice: once during the day and again at dusk. See how beautifully Brno's atmosphere changes in just a few hours.

02 | A different side of Brno

Brno also has a quieter side, full of greenery and inviting places to pause. Head to the park below Špilberk Castle, where you can rest in the shade with the castle still in sight.

For lovely views and a pleasant walk, try Kraví hora. If you are looking for spacious parks in the heart of the city, Lužánky and Brno's other gardens are ideal for relaxing, a picnic or an easy stroll.

Rain need not spoil your plans. Discover Brno's underground: an intricate world of passageways, cellars and legends that reveals the city's history from a completely different perspective.

The quieter moments - in a park, a garden or underground on a rainy day - often become your favourite travel memories.

03 | Brno to suit you

Enjoy Brno in the way that suits you. Whether you are travelling as a couple, with children or with friends, the city has experiences for everyone.

For couples

Enjoy Brno together at an easy pace. Treat yourselves to a generous brunch at a favourite café, take an evening walk through the historic centre, and find inspiration in a play, concert or exhibition.

For families with children

Explore Brno at a relaxed pace that works for all ages. Great choices include the VIDA! science centre, fascinating programmes at the observatory, or Brno Zoo in the peaceful natural surroundings of Mniší hora.

For friends and groups

Plan shared experiences: sightseeing, sampling Brno's cafés and restaurants, an exhibition or a sporting activity. Leave some free time for your own discoveries, shopping or a relaxed drink in a favourite local spot.

Travelling with a dog?

Pets are welcome. The accommodation fee for a dog is CZK 250 per animal, per night.
